

Sunday 15th					
10:00	14:00	Dr Patrick Palacci (Fra) Dr Stephen Chu (USA)	Surgical workshop		
10:00	14:00	Prof Pär-Olov Östman (Swe) Dr John Bronner (RSA)	Prosthetic workshop		
16:00	17:00	Main programme registration			
Monday 16th					
7:00	8:00	Molar tooth replacement breakfast focus group (invitation only)			
8:00	8:30	Registration			30 min
8:30	9:00	Graham Blackbeard	Welcome	30 min	
9:00	11:00	Dr Dennis Tarnow (USA)	Immediate vs delayed socket management: what we know, what we think we know, and what we don't know	2 hr	
11:00	11:30	Dr André Hattingh (UK)	Anatomical references to ultra-wide diameter dental implants	30 min	
11:30	12:00	Tea			30 min
12:00	12:30	Dr Joshua Campbell & Dr Steven LoCascio (USA)	The TEAM approach to CT-guided treatment of the complex rehabilitation patient with dual-axis specialty implants	30 min	
12:30	13:00	Dr Hermann Kluge (RSA)	TBC	30 min	
13:00	13:30	Dr Fabio Mazzocco (Ita)	Soft tissue management: from periodontology to implant dentistry	30 min	
13:30	14:30	Lunch			1hr
14:30	15:30	Prof Hugo De Bruyn (Bel)	Current state of knowledge: connections and surfaces as they relate to peri-implantitis	1 hr	
15:30	16:00	Dr Patrick Palacci (Fra)	Papilla regeneration technique: The key for aesthetic success	30 min	
16:00	16:30	Prof Ann Wennerberg (Swe)	Corrosion and particle release in peri-implant tissues	30 min	
16:30	17:00	Prof Lambis Petridis (UK)	From osseoseparation to peri-implantitis, and back again	30 min	
17:00	18:00	Maxillary oncology cocktail focus group (invitation only)			
		Local bone deficiency cocktail focus group (invitation only)			
Tuesday 17th					
7:00	8:00	Inversa breakfast focus group (invitation only)			
8:30	10:30	Dr Stephen Chu (USA)	Prosthetic strategies for tissue preservation around implants placed into extraction sockets in the aesthetic zone	2 hr	
10:30	11:00	Tea			30 min
11:00	11:30	Dr Véronique Christiaens (Bel)	TBC	30 min	
11:30	12:00	Dr Chris Butterworth (UK)	Changing paradigms in prosthetic rehabilitation following maxillary & mid-facial malignant disease	30 min	
12:00	12:30	Dr Carlos Aparicio (Spa)	Achieving patient specific therapy thorough "The Zygoma Anatomy-Guided Approach" (ZAGA) and specific Implant design. The Zygomatic Success Code (ZSC).	30 min	
12:30	13:00	Prof Carlo Ferretti (RSA)	Rehabilitation of oro-dental function for patients with segmental mandibular defects using particulate cortico-cancellous bone grafts and implant supported prostheses	30 min	
13:00	14:00	Lunch			1 hr
14:00	16:00	Dr Michael Pikos (USA)	Full arch implant reconstruction – evolution of conventional bone grafting based vs. Immediate reconstruction	2 hr	
16:00	16:30	Dr Sigfried Jank (Austria)	Learning curve and evolution of the southern implants deep conical connection	30 min	
		Dr Selwyn Kabrun (RSA)	Optimising implant treatment outcomes with interdisciplinary treatment	30 min	
16:30	17:00	Dr Carine Matthys (Bel)	Prosthetic Protocols, Challenges, Patient Perspectives And Maintenance Of Denture Conversion Using Bars Vs Mini-Implants	30 min	
		Dr Avish Jagathpal (RSA)	Cementation in implantology: science and strategies	30 min	
17:00	18:00	Zygomatic & Nazalus cocktail focus group (invitation only)			
Wednesday 18th					
7:00	8:00	Accelerated therapy breakfast focus group (invitation only)			
8:30	9:30	Dr Costa Nicolopoulos, Dr Safa Tahmasebi, Dr Petros Yuvanoglu (UAE)	10 factors for success in full mouth implant rehabilitation	1 hr	
9:30	10:00	Dr Antonio Olivo (Ita)	TBC	30 min	
10:00	10:30	Dr Robert del Castillo (USA)	A paradigm shift for fixed full-arch, implant-supported restorations	30 min	
10:30	11:00	Dr Francesco Amato (Ita)	Overcome the anatomical limitations: the new frontier of implant dentistry	30 min	
11:00	11:45	Prof Pär-Olov Östman (Swe) & Dr Harold Baumgarten (USA)	TBC	45 min	
11:45	12:15	Q&A session			
12:15	13:00	Graham Blackbeard	Closing address
