

## ZenGro® Xenograft Bone Mineral

### Supporting Bone Growth

A porous bone mineral consisting predominantly of calcium phosphate with a carbonate apatite structure acting as a scaffold to aid in bone regeneration.

#### ZenGro:

**Rough surface facilitates cell adhesion and spread for bone in-growth<sup>1</sup>** to assist in augmentation or reconstructive treatment of the alveolar ridge

**High volume fill per unit weight<sup>1</sup>** allowing for filling of periodontal defects in conjunction with products intended for Guided Tissue Regeneration (GTR) and Guided Bone Regeneration (GBR)

**Highly porous scaffold that provides space for new bone deposition and vascularization<sup>1</sup>** useful for filling of extraction sockets to enhance preservation of the alveolar ridge

**Carbonate apatite crystalline structure for better osteoconductivity than hydroxyapatite<sup>2,3,4,5</sup>** used in elevation of the maxillary sinus floor

**Contact your Southern Implants representative and order today!**

<b>ZGB05ML</b>	Bone matrix	porcine cancellous fine	0.5cc
<b>ZGB1ML</b>	Bone matrix	porcine cancellous fine	1.0cc
<b>ZGB2MLF</b>	Bone matrix	porcine cancellous fine	2.0cc
<b>ZGB4ML</b>	Bone matrix	porcine cancellous fine	4.0cc
<b>ZGB1MLC</b>	Bone matrix	porcine cancellous std	1.0cc
<b>ZGB2MLC</b>	Bone matrix	porcine cancellous std	2.0cc

# ZenGuard® Resorbable Collagen Membrane

Supporting Wound Healing

**A conformable collagen membrane derived from purified porcine peritoneum to aid in wound healing.**

## ZenGuard:

**Resorbable in 3-4 months** for Guided Bone Regeneration (GBR) in dehiscence defects and periodontal defects

**Soft and drapable, yet high mechanical strength** to assist in alveolar ridge reconstruction for prosthetic treatment

**Easy to trim dry, or hydrated**

**Crosslinking process allows for controlled and predictable resorption** allowing augmentation around implants placed in immediate extraction sockets

**Contact your Southern Implants representative and order today!**

<b>ZGM1520</b>	Resorbable collagen membrane	15x20mm
<b>ZGM2030</b>	Resorbable collagen membrane	20x30mm
<b>ZGM3040</b>	Resorbable collagen membrane	30x40mm
