STEP 1.3
Download Exocad Library

Click on the Exocad 'Download Latest Version' to initiate the download.

NOTE: A change-log is available of all revision changes to the library at the bottom of the screen.

STEP 2
DELETING YOUR PREVIOUS LIBRARY

(FOR EXISTING USERS ONLY)

STEP 2.1
### Delete the Exocad library saved on your local computer

Navigate to your local hardrive (C:\) and delete the existing Southern Implants 'Exocad' folder.

For instances where the previous library was installed in a different location, it is essential that the user navigates to the correct directory and delete the library.

STEP 2.2
### Delete the Exocad abutment library saved on your local computer
Navigate to the Exocad abutment library folder (found in the Exocad installation folder at file directory DentalCADApp/library/implant) and delete all the Southern Implants abutment kits folders.

STEP 2.3
Delete the modelcreator kits saved on your local computer
Navigate to the Exocad abutment kit library folder (found in the Exocad installation folder at file directory DentalCADApp/library/modelcreator/implants) and delete all the Southern Implants modelcreator kits folders.

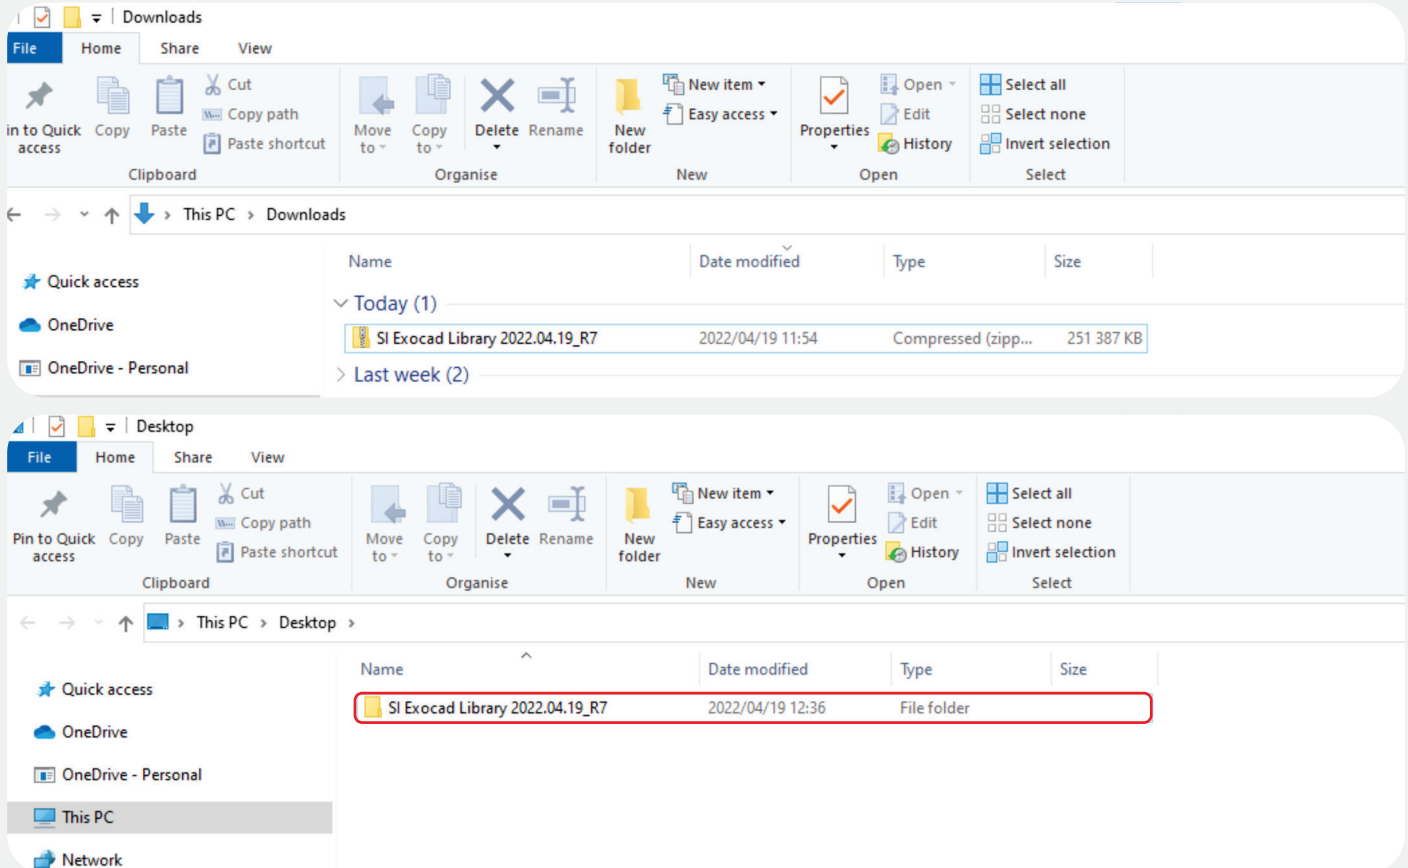

The library is now deleted.

STEP 3

STEP 3.1
### Navigate to and unzip the Southern Implants library file
Navigate to your downloads folder on your computer and unzip the library file to a folder directory of your choice.

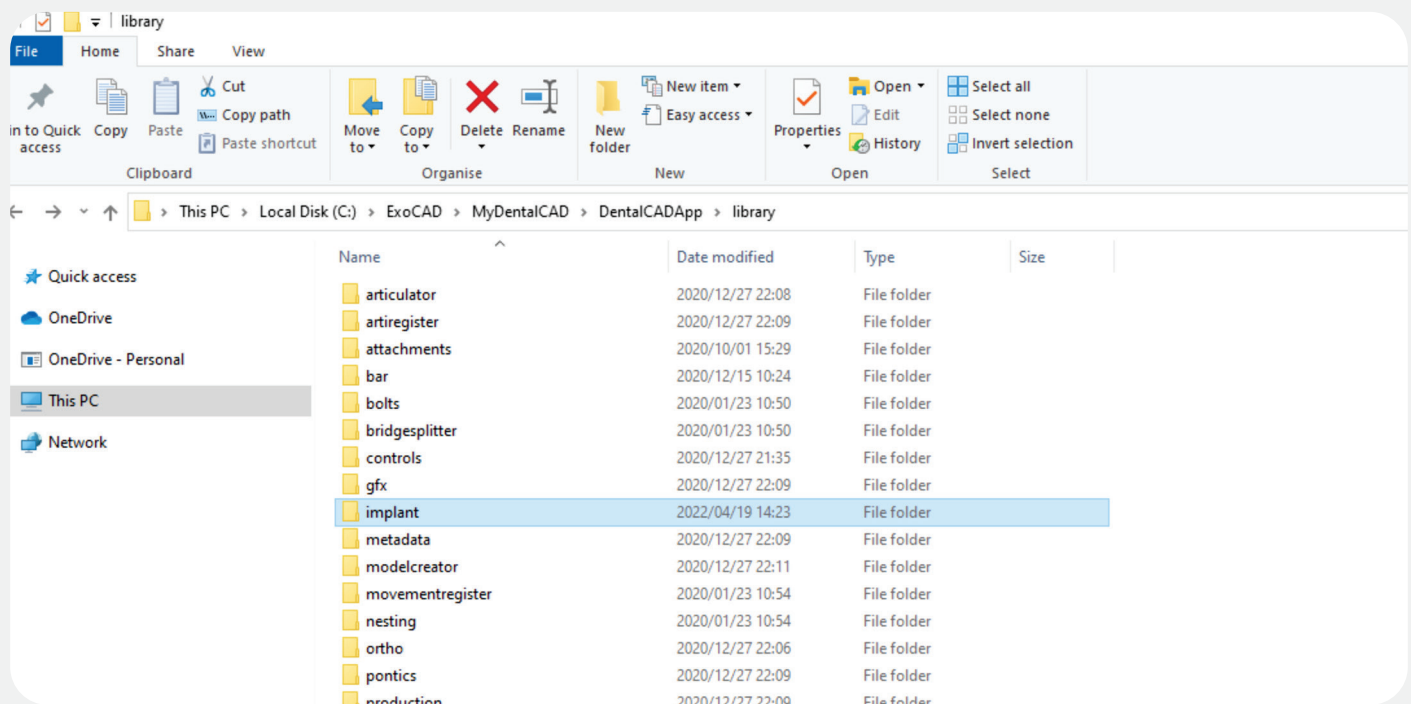

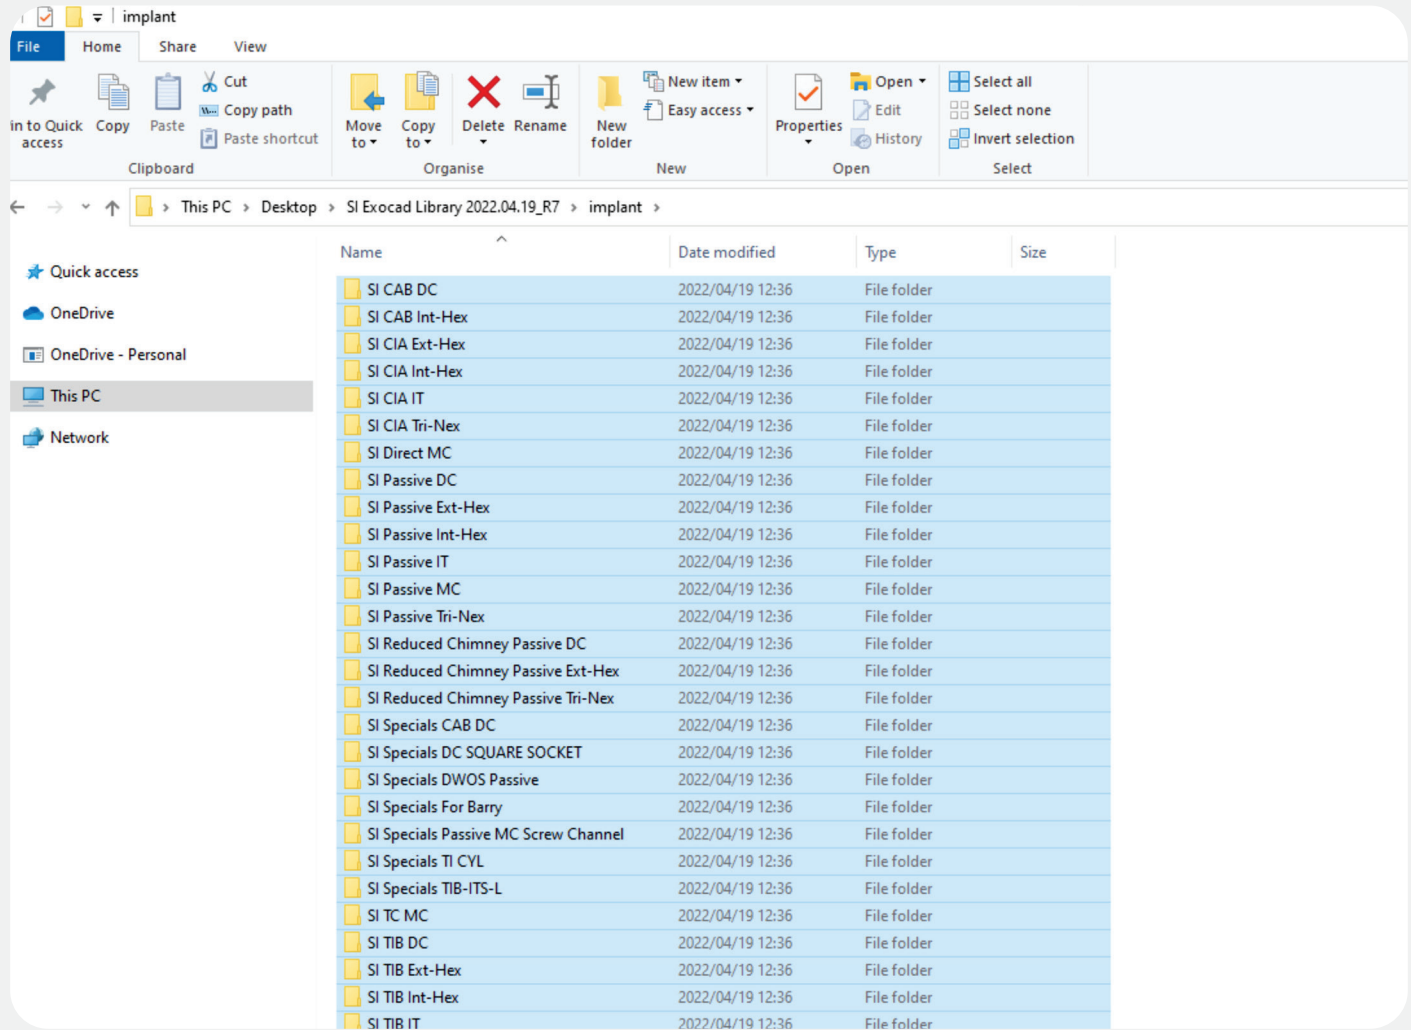

STEP 3.2
Open the Exocad Implant folder
Open the unzipped folder and open the 'Implant' folder.

STEP 3.3
Copy all the implant library folders to the Exocad Folder

Highlight all of the folders in the 'Implant' folder and copy them to the Exocad implant library folder (found in the Exocad installation folder at file directory DentalCADApp/library/implant).
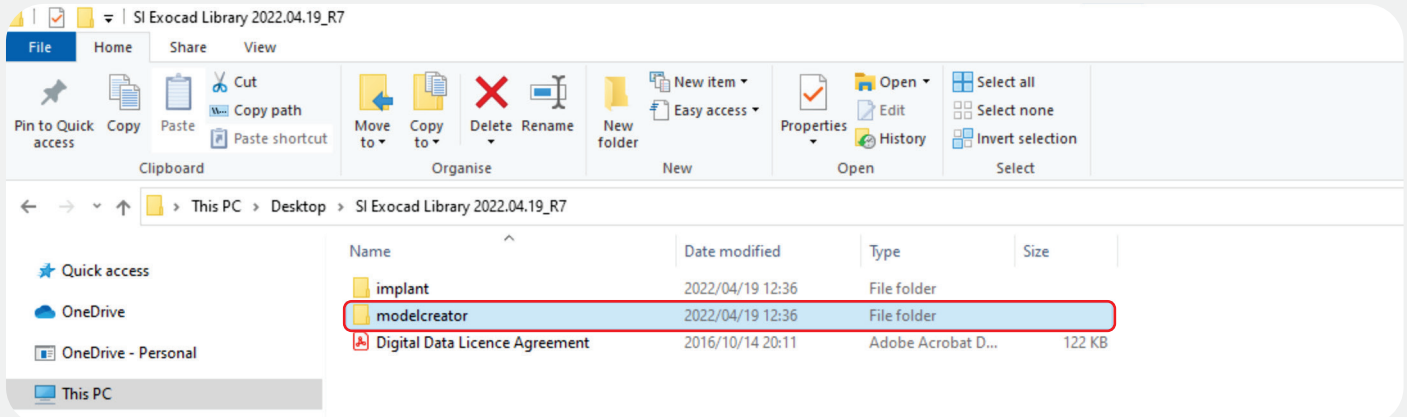

STEP 3.4
Open the Exocad's 'modelcreator' folder
Navigate back to the unzipped SI Exocad folder and open the 'modelcreator' folder.

STEP 3.5
Copy all the model creator library folders to the Exocad Folder
Highlight all of the folders in the 'modelcreator' folder and copy them to the Exocad modelcreator implant library folder (found in the Exocad installation folder at file directory DentalCADApp/library/modelcreator/implants).

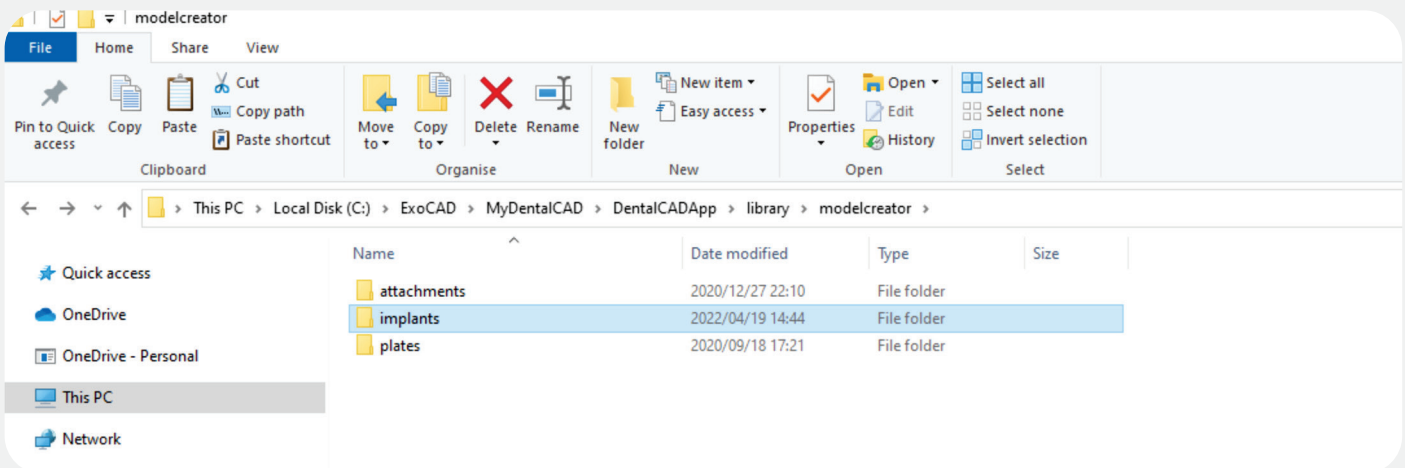

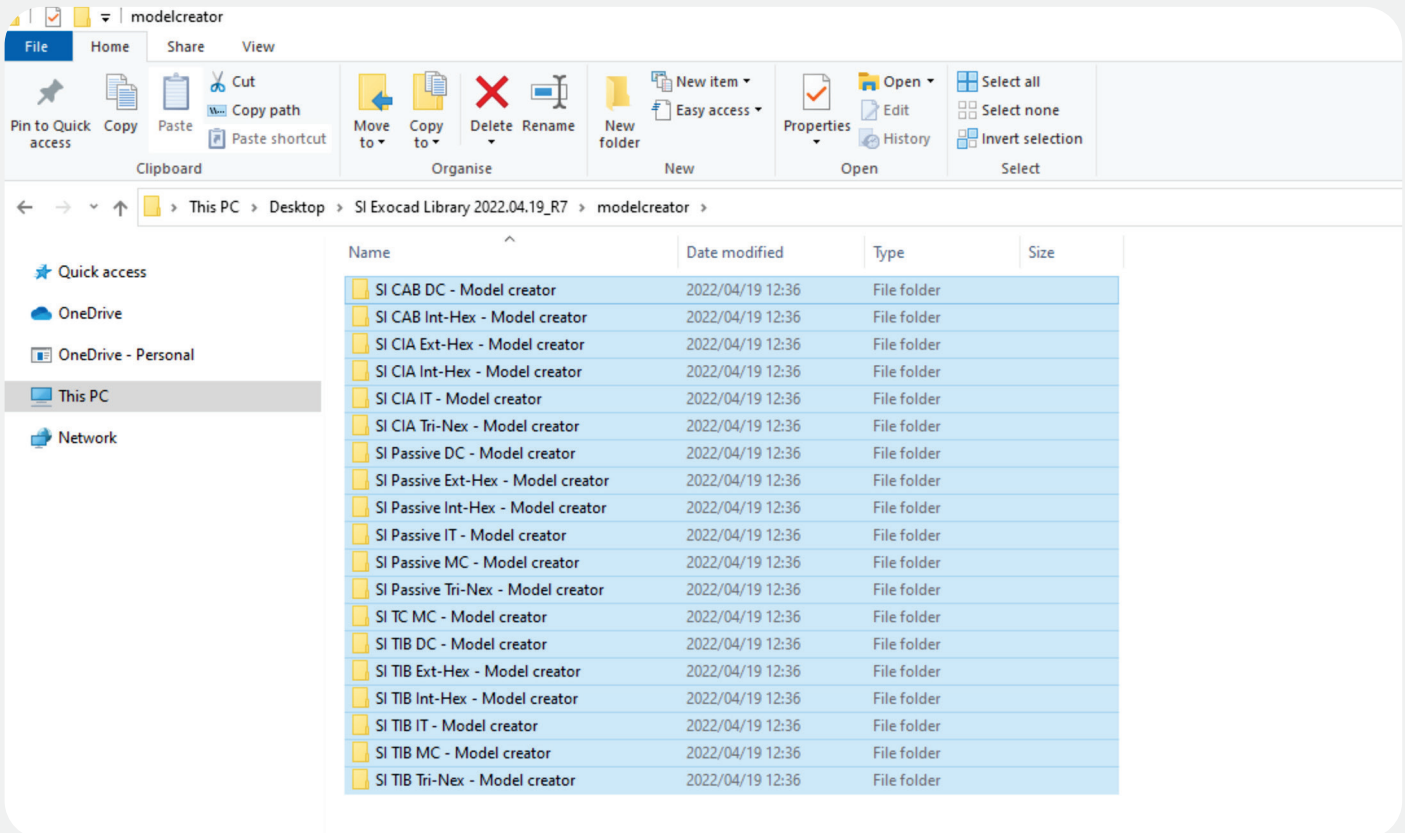

The Exocad library is now successfully installed.
