ZYGOMAX 2026: THE WORLD'S LEADING EXPERTS IN IMPLANTOLOGY ARE COMING TO ATHENS

In the world of modern dentistry and implantology, innovation, expertise, and top-level education represent the foundation of the profession's future.

For this reason, the second Zygomax Congress, scheduled to take place from July 2 to 4, 2026, in Athens, is announced as one of the most significant global events in the fields of implantology and oral and maxillofacial surgery.

This prestigious congress is organized by the Zygomax Association, founded in Montenegro-an extraordinary regional and professional achievement, as the organization has quickly become recognized within global expert circles.

EXPERTS IN DENTAL IMPLANTS

What makes this event particularly important is the fact that it will bring together the most eminent world experts in one place - leaders in implantology innovations and surgical techniques whose work and lectures continue to push the boundaries of modern medical practice.

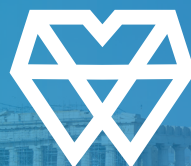

The main goal of the congress is the exchange of the latest knowledge, technological advancements, clinical approaches, and solutions that transform the lives of patients worldwide - especially those for whom traditional implantology approaches are limited or impossible.

EXPERTS IN DENTAL IMPLANTS

An enormous contribution to this project has been made by Dr. Miljan Micunovic, founder of the Zygomax Association, who through his professional work, energy, and vision succeeded in creating a global platform now joined by the greatest names in oral and maxillofacial surgery.

His vision was clear - to ensure that top knowledge is not a privilege reserved only for the world's most developed centers, but becomes accessible to a region with immense potential and a strong desire for education, progress, and growth.

2-4. JUL

EXPERTS IN DENTAL IMPLANTS

At the Zygomax 2026 Congress, world - renowned experts from the United States, Europe, Australia, and South America will be lecturing. The speakers include:

JUAN GONZALEZ (USA) • MICHAEL PIKOS (USA)

COSTA NICOPOULOS (GREECE) • SIMON OH (USA)

MILJAN MIĆUNOVIĆ (MONTENEGRO) • FABIO GUERRA (BRAZIL)

BERNARDO NUNES DE SOUZA (PORTUGAL) • SAFA TAHMASEBI (USA)

MANUEL MINGIONE (ITALY) • FILIPPO CASSOTTO (ITALY)

ANDREA BERNARDIS (ITALY) • ANDREJ KRAVANJA (CROATIA)

RAMON BABA (AUSTRALIA) • ANDREY TROKHALIN (RUSSIA)

The expertise and reputation of these speakers guarantee that participants will have access to the latest approaches in zygomatic implants, complex facial reconstructions, digital implantology, regenerative techniques, as well as innovations in prosthetics, treatment planning, and postoperative rehabilitation.

The Zygomax Congress is not only an educational event - ***it is an international network of knowledge, research, partnerships, and professional advancement.***

EXPERTS IN DENTAL IMPLANTS

Athens, selected as the host city, was chosen for its strategic location, historical significance in medicine, and ideal atmosphere for networking, learning, and idea exchange. The program includes several days of lectures, live surgical sessions, panel discussions, hands-on workshops, and networking opportunities, ensuring an unforgettable and comprehensive experience for all participants.

Zygomax was created out of the need to offer real solutions to patients for whom conventional implant therapy is not an option. Today-two continents later-Zygomax has become a symbol of progress, courage, and knowledge that transforms lives. It is no surprise that this unique global project is accompanied by the slogan:

"ZYGOMAX IS THE FUTURE!"
